Ann Hardy
1933-2023

Ann Hardy was a long-time member of the Humanist Community. She used her invaluable expertise to create our web-page. We will miss her insight and charm. Ann graduated from college in 1955 with a degree in Physical Education, the only degree program that let her take the math and science courses she desired. She became a programmer and did pioneering work on time-sharing systems, and later co-founded Agorics, which brought on-line checking to banks and the government. Elections to HC Board

Elections to the Board of the Humanist community will be held on February 18. Since few members have been showing up at the forums, paper ballots are being sent out. To be counted, ballots must be received by the date of the election. Any member present at the forum can vote in person if they haven't returned their paper ballot.

Ray Sundby and Alex Havasy are leaving the Board. Paul Gilbert and Marie Stephens will be up for reelection next year.

The slate consists of:

- Carl Angotti**
- Gerry Gras** (new Board member)
- Dana St. George,**
- Scott Wakefield**

Although this will be a six-member rather than seven-member board, we feel that this will make an effective Board for the community.
